Apple

iPad Pro (2nd generation and later)
iPad Air (3rd generation and later)
iPad (6th generation and later)
iPad mini (5th generation and later)

Book a Meeting from a Meeting

Schedule a follow-up meeting, from your device, before a current meeting ends.

Instructions

1. Tag a file or files
2. Open the options menu and select Email
3. Tap on the Meeting icon
4. Select a Date, Time, and Duration, and tap “SET”
5. Add desired recipients and an invitation will be sent immediately, via email, along with the selected file(s) or template.

App Update

vablet

Fillable PDF Forms (on vablet Web)

Fillable PDF Forms are available across all vablet versions

Use Cases

- vablet supports two types of data capture forms: HTML and PDF.
- Both are uploaded via Capture and can be viewed on vablet iOS/Windows/Android/Web.
- Capture forms can be emailed from reps and completed by recipients when opened via the link provided.
- Both types can be configured (under Settings) to automatically forward completed copies to anyone in the organization, to push data into Salesforce, and with a tool like Zapier, to push data into over 700 other platforms.

PROVENGE® (sipuleucel-T) Program

Please complete and submit this enrollment form by faxing it to (877) 556-3776. Patient Care Representatives for Dendreon On Call can be reached at (877) 336-3736 Monday – Friday from 8:00 AM – 8:00 PM EST.

3 Patient Assistance Programs ("PAPs") (Select the program you would like reviewed for eligibility)

<input type="checkbox"/> PROVENGE® Uninsured Patient Program	A program that can provide PROVENGE® at no cost if you have no health insurance, including if you do not have drug coverage due to drug benefit curtailment, or are rendered uninsured due to payer claim denial. Dendreon cannot guarantee that you will receive assistance under this Program.	Annual household adjusted gross income is \$7500 or less. <input type="checkbox"/> YES <input type="checkbox"/> NO
<input type="checkbox"/> PROVIDER Commercial Co-pay Program	A program that supports eligible patients with private commercial (non-government payers) insurance by covering any combination of the following cost co-pay, co-insurance, or deductible costs – to a maximum of \$6000 over 3 PROVENGE® treatments. Dendreon cannot guarantee that you will receive assistance under this Program.	US Citizen or Permanent Resident. <input type="checkbox"/> YES <input type="checkbox"/> NO
<input type="checkbox"/> Co-Pay Assistance	Co-pay foundations provide assistance regardless of the choice of medicine, and decisions are based on financial need and according to criteria established by individual foundations. Dendreon can assist patients by referring them to these independent organizations. Dendreon does not have controlling or managerial influence on these independent organizations.	

If indicated I am interested in Program Assistance. I agree that if requested I will provide proof of income and/or residency information in a timely manner.

4 Patient Authorization (Required)

I authorize my prescribing physician and any health insurers, plans, or programs that provide my health care benefits (collectively, "Health Plans") to disclose my past and present medical or other personal information, including information in the enrollment form, information about my treatment with PROVENGE taken together, "Information" and related medical conditions to Dendreon and its agents (collectively, "Dendreon") for purposes related to my treatment, as further described in this authorization. I authorize Dendreon to use and disclose the information for the following specific purposes: enrolling, manufacturing, delivering, and infusing PROVENGE; obtaining payment from my Health Plans; conducting reimbursement verification; applying for or making referrals for Patient Assistance Programs upon my request; providing me with educational and treatment support services ("support services") by mail, e-mail, and/or telephone; or as permitted by law. I understand that support services may include product information materials, treatment reminders, or surveys about my treatment experience with PROVENGE. I understand that, once my information has been disclosed to Dendreon, federal and state privacy laws may no longer protect it against further use or disclosure. However, Dendreon agrees to protect my information by using it only for the purposes authorized in this Authorization or as permitted by law. I understand that signing this Authorization is voluntary and, if I do not sign this Authorization, it will not affect my ability to obtain treatment from my prescribing physician or obtain insurance or insurance benefits. I understand, however, that if I do not sign this Authorization, I will not be eligible to receive the support services and other services described above. I may withdraw this Authorization at any time by making a written request to 1208 Eastlake Ave E, Seattle, WA 98109 Attn: Dendreon On-Call or by calling (877) 336-3736. Withdrawal of this Authorization will not further uses and disclosures of my information by the parties identified in this Authorization, except to the extent those uses and disclosures have been made in reliance upon this Authorization and as permitted by applicable law. This Authorization expires 10 years from the patient signature date indicated below unless I withdraw it earlier. I am entitled to receive a copy of this Authorization.

Patient's Signature: _____ Date: _____

App (Web) Update

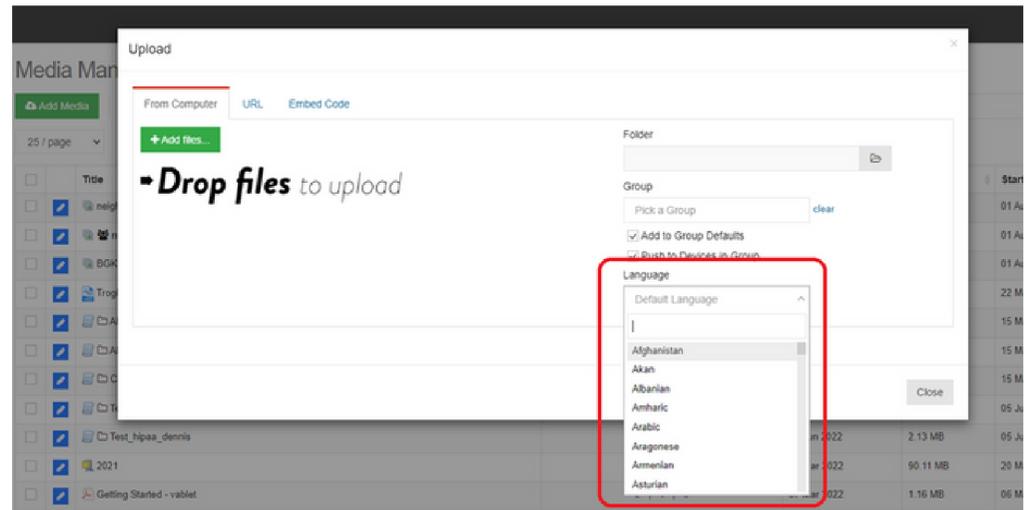

vablet

Language File Settings

Select a language when uploading to streamline file retrieval.

Instructions

- When uploading a file or files, tap on the Language dropdown. (The list can be edited under media attributes), but if selected when uploading, it's easier and it will not have to be fixed later.
- Country settings are very helpful for reporting. This data is also used programmatically to empower custom launches.

Search (by Language) Option

Effortlessly find specific language files with this new filter.

Instructions:

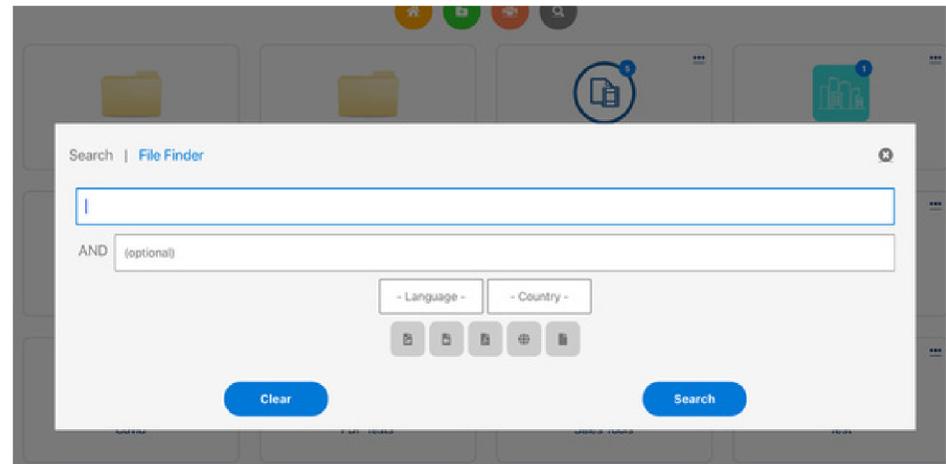

- Press Search icon
- Enter title/part/mat no/tag
- Language
- Press the Search button

Tip:

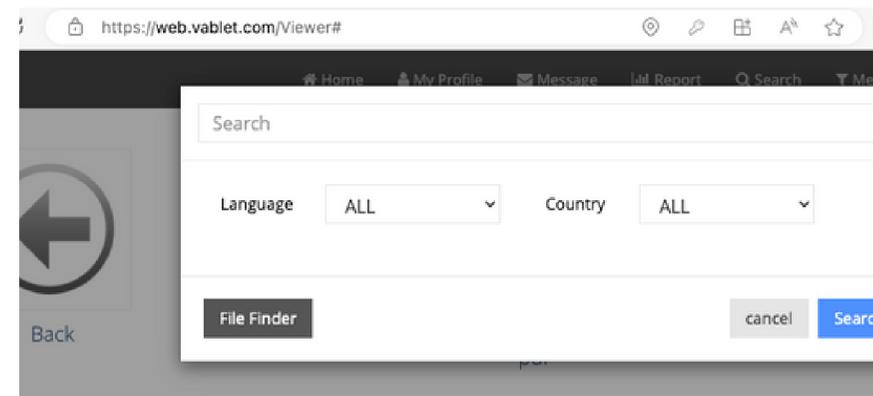

If you do not know what file you are looking for, press FILE FINDER.

All of the files on the device, sortable by Title, Folder or Date Added, will be displayed.

Capture Enhancements

Create branded looking Forms optimized for mobile use / sharing

Use Cases

- Collecting data is part of most sales processes. It can be meeting notes, gathering clients' requirements, or taking an order
- Forms are great for quizzing - you can link any file to a quiz upon close
- vablet supports Fillable PDF Forms, custom HTML Form/Apps, and Native Captures (A native capture is a form/data capture created via the vablet management console)
- All capture data can be accessed via a PDF, CSV, Email Body or via API or pushed to any object in Salesforce

Instructions

- Navigate to Capture, Capture Manager
- Add Capture
- Provide a Title and Group (Optional)
- Press ADD
